114TH CONGRESS
1ST SESSION

H. R.

To amend the Homeland Security Act of 2002 to require certain maintenance of security-related technology at airports, and for other purposes.

IN THE HOUSE OF REPRESENTATIVES

Miss RICE of New York introduced the following bill; which was referred to the Committee on _____

A BILL

To amend the Homeland Security Act of 2002 to require certain maintenance of security-related technology at airports, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Keeping our Travelers
5 Safe and Secure Act”.

6 **SEC. 2. FINDINGS.**

7 Congress finds the following:

1 (1) The Administrator of the Transportation
2 Security Administration has stated that the mainte-
3 nance of security-related technology such as x-rays,
4 explosive trace detection systems, explosive detection
5 systems, liquid scanners, and enhanced walk-through
6 metal detectors, is central to the execution of Trans-
7 portation Security Administration's mission to pro-
8 tect United States transportation systems.

9 (2) Preventive and corrective maintenance is es-
10 sential to ensuring and extending the service lives of
11 security-related technology.

12 (3) In May 2015, the Inspector General of the
13 Department of Homeland Security, reporting on the
14 results of a performance audit conducted between
15 December 2013 and November 2014, concluded that
16 because the Transportation Security Administration
17 did not properly manage the maintenance of its se-
18 curity-related technology deployed to airports, it can-
19 not be assured that routine preventive maintenance
20 is performed or that equipment is repaired and
21 ready for operational use.

22 (4) Specifically, the Inspector General found
23 that the Transportation Security Administration did
24 not issue adequate policies and procedures to docu-
25 ment, track, and maintain preventive maintenance

1 actions at the airport level and oversight of con-
2 tractor-performed maintenance needed to be
3 strengthened.

4 (5) According to the Inspector General, if the
5 equipment is not fully operational, the Transpor-
6 tation Security Administration may have to use
7 other screening measures that may be less effective
8 at detecting dangerous items, thereby potentially
9 jeopardizing passenger safety and security.

10 **SEC. 3. MAINTENANCE OF SECURITY-RELATED TECH-**
11 **NOLOGY.**

12 (a) IN GENERAL.—Title XVI of the Homeland Secu-
13 rity Act of 2002 (6 U.S.C. 561 et seq.) is amended by
14 adding at the end the following:

15 **“Subtitle C—Maintenance of**
16 **Security-Related Technology**

17 **“SEC. 1621. MAINTENANCE VALIDATION AND OVERSIGHT.**

18 “(a) IN GENERAL.—Not later than 180 days after
19 the date of the enactment of this subtitle, the Adminis-
20 trator shall develop and implement a preventive mainte-
21 nance validation process for security-related technology
22 deployed to airports.

23 “(b) MAINTENANCE BY ADMINISTRATION PER-
24 SONNEL AT AIRPORTS.—For maintenance to be carried

1 out by Administration personnel at airports, the process
2 referred to in subsection (a) shall include the following:

3 “(1) Guidance to Administration personnel at
4 airports specifying how to conduct and document
5 preventive maintenance actions.

6 “(2) Mechanisms for the Administrator to
7 verify compliance with the guidance issued pursuant
8 to paragraph (1).

9 “(c) MAINTENANCE BY CONTRACTORS AT AIR-
10 PORTS.—For maintenance to be carried by a contractor
11 at airports, the process referred to in subsection (a) shall
12 require the following:

13 “(1) Provision of monthly preventative mainte-
14 nance schedules to appropriate Administration per-
15 sonnel at each airport that includes information on
16 each action to be completed by contractor.

17 “(2) Notification to appropriate Administration
18 personnel at each airport when maintenance action
19 is completed by a contractor.

20 “(3) A process for independent validation by a
21 third party of contractor maintenance.

22 “(d) PENALTIES FOR NONCOMPLIANCE.—The Ad-
23 ministrator shall require maintenance contracts for secu-
24 rity-related technology deployed to airports to include pen-
25 alties for noncompliance when it is determined that either

1 preventive or corrective maintenance has not been com-
2 pleted according to contractual requirements and manu-
3 facturers' specifications.”.

4 (b) CLERICAL AMENDMENT.—The table of contents
5 of the Homeland Security Act of 2002 is amended by in-
6 serting after the item relating to section 1616 the fol-
7 lowing:

“Subtitle C—Maintenance of Security-Related Technology

“Sec. 1621. Maintenance validation and oversight.”.
